ABOUT THE GARLIC NEWS

The *Garlic News* is a non-profit membership newsletter produced in print copy. Started in 2004, it carries on from where its predecessors, the *Garlic Newsletter* and *The Voice of Garlic* left off. It is distributed by mail to members. The *Garlic News* uses a newspaper column layout and larger print size for easier reading. The wider margins and 8 ½ x 11-size paper enable growers to save copies in a standard 3-hole binder. Back issues are available both in single copy and 1-year bound sets.

EDITORIAL POLICY

The purpose of the *Garlic News* is to enable garlic lovers, farmers and gardeners to grow better garlic and enjoy it more. Articles and contributions are welcome and will be published subject to space and suitability. Letters and articles may be edited for length and content. The Editor reserves the right to refuse advertising, subscriptions or material submitted for publication where, in his sole discretion, such inclusion would detract from the worth of the publication. Articles should be no longer than 400 words. B&W pictures preferred.

Deadline for Winter 2012-13 Issue is Dec 3.

What does a garlic festival do for you?

The garlic festival is the best means of educating the public about garlic – what it is, the tastes and varieties, how to cook with it, how to grow it, how to use it, - and, you, the grower, are the teacher.

A knowledgeable customer will buy your garlic.

A garlic festival is the most effective market for you, the grower. In one day or weekend, you can sell more garlic than in weeks of work trying to sell it by other means.

Thinking of starting a Garlic Festival next year?

We can help in several ways. Our notes on starting a garlic festival are based on the hard knocks of doing it, several times. Look at our experience and that of others so you don't repeat mistakes. You can't start too early. We also offer free publicity for your festival in its first year.
