### ABOUT THE GARLIC NEWS

The *Garlic News* uses a newspaper column layout and larger print size for better readability. The wider margins and 8 1/2 x 11 size paper are to enable growers to save copies in a standard 3-hole binder. In keeping with our personal commitment to conservation and environmental protection, envelopes have been eliminated where possible. Printed on recycled paper.

### Using the Garlic News in Your Field or Garden

The *Garlic News* is a working textbook for growers and gardeners. The information is of practical use in your field, garden or kitchen.

First, get a 3-ring binder to keep your issues conveniently ready to use. You'll notice that the inside margins are a little wider. This is so you could use a 3-hole punch without cutting into the text.

Better still, buy some top-loading plastic sheet protectors, one for each page. These are available in stationery shops and cost only pennies each. This way, you can keep the pages protected from dirt and water when using it in your garlic patch.

Keep all issues in the binder along with your garlic growing records and any other articles or information. That way, you'll have it all in one place, convenient for use indoors or out.

### Would You Like to Help?

Yes, you can help. Here are some ways:

Promote the *Garlic News* to other gardeners by handing out application forms or having them contact us.

List your garlic or garlic products in the *Garlic Directory*. Send contacts of possible garlic-relevant advertisers.

Be a contributor to the *News*. Write articles or send us your favourite garlic recipes.

Keep an eye out for interesting cartoons, stories or facts about garlic and send them in.

Articles should be no longer than 400 words. Pictures may be either colour or B&W.

Deadline for articles, ads, recipes for the Spring Issue is March 6.
